BELLE RECIPE

17 Cups of Misunderstanding.
2 Pots Made in France
A whole library of books
One Horse named Felipe
2 tbsp of independence
3 tbsp of kindness (remember to share the finished product)
2 cups of bravery
1 cup of confidence
1 tsp of defiance
1 tsp of forgiveness

TO DO:

Begin the process in a small provincial town. You can only start the recipe when you find your individuality.

Start by greasing the French Pots with open mindedness, but only after deciding to save your father.

In a small bowl combine bravery, confidence, kindness, defiance. Save Forgiveness in a small container for later.

Put in independence into your pots. Let ingredients sit until a red rose petal falls. Combine missing pages of your favorite adventure novel with the independence.

Assign Felipe the Horse to mix with his front leg. Before Felipe mixes, throw in some essence of understanding. Begin to slowly incorporate the 17 cups of misunderstanding into the pots.

Once misunderstanding is fully incorporated, set 2 pots aside under a glass top in a castle. They need time to rise.

Use this time to return books to your library, pet sheep in your village, and stand up for yourself.

After rising, take it to the West Wing. Take some extra defiance with you.

Add the defiance and bring to a slow boil. Love and understanding take time.

Continue until the last petal is about to fall.

Take off of heat and cool. Strongly fold in the forgiveness. Take to the garden and set up French tableware. Set on the the table.

Now, add toppings. A small bit of Gaston Glaze to clash with Butter from Beast's Kitchen! Add mini character toppers to the finished product.

Bring out plates from the kitchen, you *must* have guests. And a lot of them!

Right before the guests arrive, set it under a glass dome until everyone is back in their original form to eat.

Serve with Flair and Be Our Guest! Pair with Wolf Wine.

Note. Some guests will be dogs. It is important to serve at least one dog! Prepare the dish in a doggie bowl, but invite them to the table.

***Add love later to the recipe.
**Forgiveness comes farther in the story.
